CprE 492 Weekly Report|DEC15-08|Report #11 (11/2/2015)

Advisor: Hung Nguyen
Project Name: Manufacturing Software Support Reprogram
Client: Van Gorp Corporation (Evan Zepp)
Members and roles in group:
Austin Benson – Team Leader
Nick Cervantes – Team Communication Leaders
Sean Finn – Key concept Holder
Evan Kroeger – Team Webmaster
Edwin Martinez – Key Concept Holder
Matt Petron – Key concept Holder

Weekly Summary

We finished up a small amount of development before our meeting with Van Gorp. Also, we began working heavily on our final presentation and have it mostly finished.

Meeting Notes

TODO:
-Screen Shots for final presentation
-Upload updated project plan to google drive
-Upload updated design doc to google drive
-Upload new excel documents

Pending Issues

We need to finish and practice our final presentation.

Plans for Next Week

Give our final presentation, and then work on the finishing touches to our program.

Individual Contributions (This Week)

Austin Benson – Worked on the Pulley Standards sections of the Final Presentation.
Nick Cervantes – Worked on the Functional and Non Functional Requirements, and Testing sections of the Final Presentation. Compiled the weekly report.
Sean Finn – Worked on the Automation sections of the Final Presentation.
Evan Kroeger – Worked on the Introduction sections of the Final Presentation. Worked on the website.
Edwin Martinez – Worked on the Design sections of the Final Presentation.
Matt Petron – Worked on the Project Status sections of the Final Presentation.
